

Meet Frankie

Frankie is a miracle dog! He was found after an animal attacked him in Echo Park.

He had to endure a tough surgery stitching him back together again.

Then he was taken to the shelter and, sadly, no one claimed him.

He is now a big kisser and cuddler (and a great fly catcher), while at the same time, he loves to play and be chased. He loves the dog park & the dog beach.

He's great with other dogs and doesn't seem interested in cats at all.

He's about 2-3 years old and weighs about 15 lbs (maybe Chihuahua/Jindo or Shiba Inu mix).

He has been neutered, vaccinated and microchipped.

An adoption contract, home check and adoption fee is required.
